## CLAUSES INCORPORATED BY FULL TEXT

### 52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The contract will be awarded with **LOWEST PRICE TECHNICALLY ACCEPTABLE(LPTA)**. The following factors shall be used to evaluate offers:

#### **Factor 1 – Technical Capability**

- a. **Equipment Specifications** – The Government will review the required specifications to be submitted as referenced in this solicitation to reasonably ensure offeror's ability to comply with the requirements.

Evaluation for Technical Capability – Equipment Specifications - offerors will be determined [acceptable] if they can show equipment specifications which comply with the salient characteristics of the equipments as expressed in the solicitation. If offerors cannot show available vehicles with proper specifications to support contract requirements, they will be determined [unacceptable].

- b. **Delivery and Mobilization** – The Government will ensure offerors can deliver on the equipment requirements.

Evaluation for Technical Capability – Delivery and Mobilization – To be determined [acceptable], Offerors must submit with their quotes to acknowledge their understanding the mobilization/start date of the requirement in writing. No such written acknowledge in the quote from an offeror will result in the offer being technically [unacceptable].

#### **Factor 2 – Price**

Price will be evaluated but not rated on an adjectival scale. Each Offeror's price proposal shall be evaluated to determine if it is complete, reasonable, and consistent with the Offeror's technical approach, whether it reflects a clear understanding of the solicitation requirements, and whether it contains any material imbalances. A proposal may be deemed unbalanced if the pricing methodology illustrates unreasonable variances in the establishment of the unit or quantity price ranges. An offer may be deemed unbalanced if the mathematical approach is unreasonable. As such, an offer(inclusive of all CLINs) may have the lowest evaluated price; however, the offeror's methodology used to arrive at the price may not be in the best interest of the Government. Quotes that are materially unbalanced, unrealistically high or low, or otherwise not in the Government's best interest may be rejected.

#### **Past Performance**

Past performance will be evaluated in order to satisfy FAR Part 9 Responsibility Determinations. However, for purposes of this procurement, past performance will not be evaluated as a formal evaluation factor, used to differentiate between offerors. A lack of past performance is simply a [neutral] rating, and does not impact a responsibility determination.

### **Other Considerations**

The Offerors shall submit their proposals based on the most favorable terms in order to reflect their best possible potential. The Government will view unrealistic proposals – e.g., impractical technical or schedule commitments, or lack of price realism – as indicative of a lack of understanding of the the complexity and risk of the contract requirements.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

### **52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL ITEMS (APR 2012)**

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that --

(1) The offeror and/or any of its principals ( ) are, ( ) are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency,

(2) ( ) Have, ( ) have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) ( ) are, ( ) are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ( ) Have, ( ) have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

## (ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
